Freelance writer and audio/video producer specializing in medical communications.

- Qualifications:** MD degree. Able to quickly adapt to diverse workflows and new work environments. Demonstrated reliability in fulfilling commitments and meeting deadlines. Exacting attention to detail. Able to supervise small groups or work independently.
- Work Experience:** Five years of experience as a freelance medical writer providing a range of communication services including news briefs, CME programs, script writing for training videos and slide sets, and editing documents and video interviews. Organizations I have worked with include Nascent Medical, Audio Digest, Association of perioperative Registered Nurses, and Cine-Med.
- Eight years of experience in locum tenens anesthesia. Scheduled assignments from multiple agencies. Adapted quickly to different work environments. Supervised nurse anesthetists. Managed daily operating room schedules. Maintained meticulous records.
- Six years of experience as a solo practitioner offering office-based anesthesia services. Coordinated a complex schedule covering multiple offices in three states. Wrote advertising copy. Created patient oriented brochures. Managed equipment and inventory.
- Additional skills:** Script writing, including training videos.
Website creation.
Podcast production.
Single and multi-camera videography.
Video production, directing, and editing.
- Training:** Internship in surgery and residency in anesthesiology at the University of Nebraska Medical Center in Omaha, Nebraska.
- Education:** MD degree from the Medical University of South Carolina in Charleston, South Carolina.
- Certifications:** Board certification from the American Board of Anesthesiology.
Active medical license in the state of Washington.
